

Customer Delivery Driver

You'll be the friendly face of our business – the helpful driver who delivers the unique blend of Freshview quality catering food supplies and outstanding service right to our customers' doors.

Loading and unloading is necessary which may involve lifting heavy products.

This is a really important 'front line' role. You represent us with every single customer you meet, and their impression of Freshview Foods is dependent on you and the service you provide. So, as well as having a flexible approach and the ability to use your initiative to deal with unexpected situations, you should be passionate about providing the very highest levels of customer service. A good appreciation of health & safety is a must too, along with excellent driving skills – and we may ask you to take a driving assessment as part of your application. We are a seven day a week business, working weekends and Bank Holidays will feature on your rota.

Required essential experience skills and qualifications: You will need a full valid UK manual clean driving licence and you should be 18 years old or over. Part of the application process will include a licence check and a DBS check to confirm your suitability for the role.

Required desirable experience skills and qualifications: Previous experience in a driving role and a knowledge of chilled vehicles and food delivery would be welcomed.
